I am acquiring new skills.

You are angling the camera the wrong way.

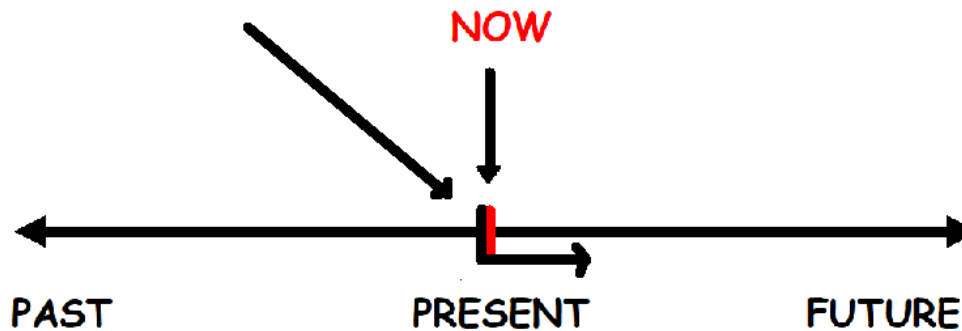

He is apologizing to his mother.

She is automating the system.

It is bottling the orange juice.

We are calculating our profits.

They are chasing the ducks.

#### PAST - ACTION IN PROGRESS

I was commuting from the office.

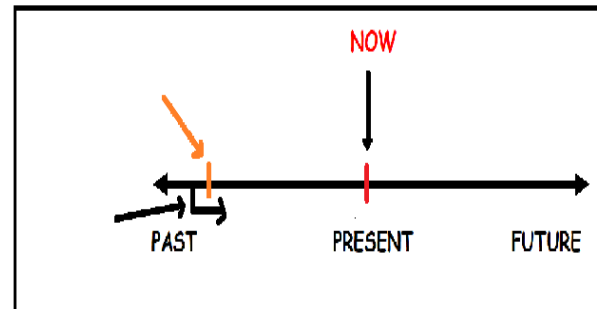

He was cuddling the cat when the dog jumped in his lap and scooted him off.

She was curving through the roads when a car darted in front of her.

You were creating a picture when you ran out of paint.  
(One action is in progress when another action interrupts it.)

The deer was deciding if it wanted to stay or not, until the dog began barking and jumping wildly.

We were declaring the praises of the Lord when the sound system failed.

They were decorating the house when the budget ran out.
